

Monday 24<sup>th</sup> September

Dear Parent/Carers,

**Mexican Fiesta End of Topic Celebration**  
**Tuesday 9<sup>th</sup> October 2018**

Since the start of this academic year, our wonderful Y6 children have thoroughly enjoyed learning all about Mexico in our topic 'Hola Mexico'. We launched our topic with an engaging morning, filled with traditional Mexican party games (including hitting a piñata), dancing to Mariachi music and doing the limbo. The children took photographs using a green screen, so we could take ourselves to Mexico! The key skills and knowledge the children have learned this half term comprised of understanding the different aspects of Mexican culture (including the Mayan Civilisation), Mexican geography and their national celebrations.

To celebrate all of our learning this half term, we would like to invite parents and/or family members in to school on **Tuesday 9<sup>th</sup> October from 2pm – 3pm**, for a Mexican Fiesta in the school hall. We will be serving traditional Mexican food (made and prepared by the children), performing a traditional Mexican dance that they have been learning in PE and smashing the piñatas that the children have made during our Design and Technology lessons.

We do hope you can make this event and we look forward to seeing you at our end of topic showcase.

Yours faithfully,

Mrs Lamble and Miss Riley  
Class Teachers
