

Wednesday 26<sup>th</sup> September 2018

Dear Parents/carers,

**Stargazers - Year 5 End of Topic Assembly**  
**Monday 8<sup>th</sup> October 2018**

Since the start of the academic year, our Year 5 children have been enjoying learning all about Space and the Solar System in our “Stargazers” Topic. We launched our topic by showing the children the film Zathura and they have since been reading the book of Zathura along with learning about moon landings.

We would like to invite parents/carers into school for our Year 5 assembly, to share in a celebration of our learning this half term. The assembly will begin at 9am and will last 15-20 minutes. This is a fantastic opportunity to get a glimpse of the fantastic work that the children have been doing before meeting with us at parents evening, where you will be able to have a closer look at your child’s individual work.

During the assembly, some children may take the part of a historical figure and therefore may need additional clothing. If this is the case, they will be made aware of this and we will place a note in their home/school diary letting you know what they will need.

We would like to thank you for your continued support and we look forward to seeing you all there.

Mr Simpson and Miss Stretton  
Year 5 Class Teachers
