

## SILEBY REDLANDS RE OPENING RISK ASSESSMENT

<b>Activities Covered by this Assessment</b>	Reopening of schools - October Term 2020 (19 <sup>th</sup> October 2020)		
<b>Location</b>	Sileby Redlands Community Primary School	<b>Organisation</b>	DISCOVERY

Note: A person specific assessment must be carried out for young persons, disabled staff and new and expectant mothers if appropriate

**This risk assessment has been developed in conjunction with LTS and Leicestershire County Council and must be adapted to include local hazards and subsequent local control measures pertinent to your school setting.**

**Once completed, please ensure final risk ratings are added and forward to the Corporate Team for official sign off. Your school will not be able to open without a completed Risk Assessment which should also be displayed on your website.**

As part of planning for full return in the autumn term, it is a legal requirement that you should revisit and update risk assessments (building on the learning to date and the practices already developed), to consider the additional risks and control measures to enable a return to full capacity in the autumn term. Settings should also review and update wider risk assessments and consider the need for relevant revised controls in respect of their conventional risk profile considering the implications of coronavirus (COVID-19). You should ensure that you implement sensible and proportionate control measures which follow the health and safety hierarchy of controls to reduce the risk to the lowest reasonably practicable level.

**Engage with the NHS Test and Trace process:** You must ensure you understand the NHS Test and Trace process and how to contact the local Public Health England health protection team. You must ensure staff members and parents/carers understand that they will need to be ready and willing to: book a test, self-isolate. Anyone who displays symptoms of coronavirus (COVID-19) can and should get a test. Tests can be booked online through the NHS testing and tracing for coronavirus website, or ordered by telephone via NHS 119 for those without access to the internet. Essential workers, which includes anyone involved in education or childcare, have priority access to testing. Health Protection Team (PHE) 0344 2254 524 (option 1)

You should ask parents and staff to inform you **immediately** of the results of a test: 'stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection'

Guidance for full opening: schools. Please refer to: <https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools>

**System of control:**

**Prevention:**

1. minimise contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, do not attend school.
2. Clean hands thoroughly more often than usual.
3. Ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach.
4. Introduce enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents and bleach.
5. Minimise contact between individuals and maintain social distancing wherever possible.
6. Where necessary, wear appropriate personal protective equipment (PPE).

Numbers 1 to 4 **must** be in place at all time. Number 5 must be properly considered, and measures identified to suit your local circumstances. Number 6 applies in specific circumstances.

**Response to any infection:**

7. Engage with the NHS Test and Trace process.
8. Manage confirmed cases of coronavirus (COVID-19) amongst the school community.
9. Contain any outbreak by following local health protection team advice.

Numbers 7 to 9 must be followed in every case where they are relevant.

**Attendance:** Pupil attendance will be mandatory again from the beginning of the autumn term. This means from that point, the usual rules on school attendance will apply, including:

- parents' duty to ensure their child attends regularly at a school where the child is a registered pupil and they are of compulsory school age;
- schools' responsibilities to record attendance and follow up absence
- the availability to issue sanctions, including fixed penalty notices in line with local authorities' codes of conduct

For further advice on clinical and/or public health advice please refer to: <https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools> - Pupils who are shielding or self-isolating

**PPE:**

The majority of staff will not require PPE beyond what they would normally need for their work, even if they are not always able to maintain a distance of 2 metres from others. PPE is only needed in a very small number of cases:

- Children who require first aid should continue to receive care in the same way. No additional PPE is needed because of coronavirus (COVID-19) for anyone who does not have coronavirus (COVID-19) symptoms.
- Where an individual child becomes ill with coronavirus (COVID-19) symptoms and only then if a distance of 2 metres cannot be maintained.
- Where a child already has routine intimate care needs that involves the use of PPE, in which case the same PPE should continue to be used.

***It is advised that you carry out an inspection of the premises before full opening and record the findings.***

***Monitoring and review of risk controls***

***It is important that employers know how effective their risk controls are. You should monitor and review the preventive and protective measures regularly, to ensure the measures are working, and taking action to address any shortfalls.***

**SILEBY REDLANDS RE OPENING RISK ASSESSMENT**

- Pupils are allocated a desk and are seated at the same desk each day.
- Pupils remain in the same classroom throughout the day.
- Classrooms are ventilated using natural ventilation (opening windows) or ventilation unit.
- Doors are propped open, where safe to do so (bearing in mind fire safety and safeguarding), to limit use of door handles and aid ventilation.
- Pupils are encouraged not to touch their mouth, eyes and nose with the hands.
- Pupils informed that they must use a tissue or elbow to cough or sneeze and use lidded bins for tissue waste ('catch it, bin it, kill it').

be used in classrooms with higher temperatures and less air flow.

Teacher area to be taped out on floor (around teacher desk and IWB), to illustrate 2-metre socially distanced area between teaching space and the first row of children's desks.

Children's desks will have tape on the floor to show the children where their desks need to remain throughout the day (if they shift around, children will move them back to the tape)

Teacher and Support staff to provide support for children from behind – not in front or beside.

Staff will wash hands before and after the marking of work in books.

Reading books may be send home, but upon return the book must be placed in a 72-hour quarantine box before it is put back into circulation.

Internal fire doors and windows will be kept open throughout the

**SILEBY REDLANDS RE OPENING RISK ASSESSMENT**

<b>Sharing equipment</b>	Staff, pupils, visitors and contractors. <i>Reduced infection control which may result in spread of COVID19</i>	<ul style="list-style-type: none"> <li>Pupils do not share equipment (with the exception of EYFS &amp; Pre-School - see further controls).</li> <li>Pupils given writing implements and forbidden from using other pupil's equipment.</li> <li>Teaching resources are discouraged/minimized and/or removed from the setting.</li> <li>Soft toys and furnishings that are difficult to clean are removed from the classroom.</li> <li>Small, intricate items that are difficult to clean are removed from the classroom before the school reopens.</li> </ul>	H	L	M	<p>door. Classrooms/rooms with poor ventilation will have external fire doors open.</p> <p>All children will have their own resource pack, table and chair to keep their belongings.</p> <p>Soft toys and furnishings have been removed from all rooms.</p> <p>Teachers planning will account for pupils not sharing resources.</p> <p>Shared resources for children in Pre-School and EYFS will be on a rotation cycle and cleaned between use. Each station will be carefully supervised by an adult (see separate Early Years Resource Risk Assessments).</p> <p>Staff will use hand gel prior to opening and closing all windows and doors at the start and end of each school day.</p> <p>Staff will use hand gel prior to using the printers.</p>	M	L	L	All staff	19.10.20	✓

**SILEBY REDLANDS RE OPENING RISK ASSESSMENT**

<b>Potential Severity of Harm</b>	<b>High</b> Death, paralysis, long term serious ill health.	<b>Medium</b>	<b>High</b>	<b>High</b>
	<b>Medium</b> An injury requiring further medical assistance or is a RIDDOR incident.	<b>Low</b>	<b>Medium</b>	<b>High</b>
	<b>Low</b> Minor injuries not resulting in any first aid or absence from work.	<b>Low</b>	<b>Low</b>	<b>Medium</b>
		<b>Low</b> The event is unlikely to happen.	<b>Medium</b> It is fairly likely to happen.	<b>High</b> It is likely to happen.
<b>Likelihood of Harm Occurring</b>				

Risk Rating Definitions	
<b>Low</b>	This is an acceptable level of risk. No further controls are required as the risk rating cannot be reduced any further. However, it is advised that continual monitoring occurs in order to ensure that no changes / deviation of control measures occur.
<b>Medium</b>	It is advised that further controls are implemented to reduce the risk rating to as low a level as possible. If the risk cannot be reduced to lower than a medium, then on site monitoring should occur to ensure that all stipulated controls are being adhered to.
<b>High</b>	This is an unacceptable risk rating. Urgent interim controls should be implemented to reduce the risk so far as is reasonably practicable. If the risk rating cannot be reduced to lower than a <b>High</b> , then a documented safe system of work should be implemented to control the activity. It may be necessary to seek further professional advice. Serious considerations should be given to the validity of carrying out the activity at all. Regular monitoring of the activity should occur.
